

■ About Us

Found in 1958, TAZAKI Psychiatric Hospital is the oldest private psychiatric hospital in Okinawa, continuously striving to advance and improve psychiatric care. Located in the

middle of Naha City, offering easy access to Shuri Castle and Kokusai Street, we provide specialized psychiatric and psychosomatic medicine. In today's stressful society, mental health issues have become increasingly diverse. Equipped with medical equipment such as EEG, X-ray, and CT scans, we offers comprehensive system encompassing outpatient care, inpatient ward (170 beds including acute phase), psychiatric day care, etc. supported by our specialized psychiatrists and experienced staff

■ What We Offer

Multiple psychiatrists specializing in children to adults are available to consult your mental health concerns and prescribe medications if necessary. Social workers specialized in mental health provide professional assistance to address the various issues arising from your mental illness. Psychotherapy by certified psychologists are also available under a doctor's supervision.

**English psychotherapy is currently not available.*

■ Mental Conditions Covered

We offer assessment and treatment for the following conditions and more.

1. Psychosis such as schizophrenia
